DON'T STOP TOBACCO.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician, who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent. interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

CURED BY BACO-CURO AND GAINED 50 POUNDS.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented:

Clayton, Nevada Co., Ariz., Jan. 28, 1895.

Franklin Chemical & Mfg. Co., La. Crosse, Wis. Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac." The "Indian Tobacco Antidote." "Double Chloride of Gold," etc., etc. But none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased my weight 50 pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully,
P. H. MARRIOTT.

Pastor C. P. Church, Clayton, Ariz.
